

Pre-Show

Cue	Line	Action	Where	Notes
1	Pre-show	Take batteries from charger in axient rack		This is located at the centre back of the void.
2	Pre-show	Take to sound 2 table		Located in dressing room
3	Pre-show	Collect pack and microphone dish tray from sound cupboard		Sound cupboard is located in the production office
4	Pre-show	Put new batteries into packs		The "shure" should be in the top left of the side of the battery facing out the pack.
5	Pre-show	Check all packs have the relevant microphones and clips		The pack number is on a small white piece of tape at the base of the microphone
6	Pre-show	Line check with desk op.		This will mean moving all the packs on stage and wobble&pop testing each microphone
7	Pre-show	Put a cut balloon on each pack		There should already be a balloon in the relevant square on the sound 2 table
8	Pre-show	Place packs into belts		Belts should already be in correct square on sound 2 table , if not refer to numbers on right hand side at bottom of each square
9	Pre-show	The place on sound 2 table		
10	Pre-show	Check cast get their microphones		Most will want to mic up in their dressing room but help if asked
11	Pre-show	Head to stage to check		Most are quite capable but

		microphone positions		occasionally are too far forward
12	Pre-show	Check axient rack		There should be headphones left on the rack with an adapter for using to check each pack or use wavetool
13	Pre-Show	Check compressed air is on Axient rack		

Show ACT 1

Cue	Line	Action	Where	Notes
General		Keep an eye on Dylan's (Stine) and Bailey's (Orderly 1) microphones	Void	They tend to slide back in their hair throughout the show
1		Check Angel City 4 before going on	DSL and DSR	They go on in front of the doors for first number.
