

## **Method of sourcing Taser**

Contact the police -<https://www.scotland.police.uk/contact-us/contact-us-form>

Explain the background and nature of the performance and ask if they could recommend a reputable supplier or if they themselves can supply a decommissioned Taser along with certification of decommissioning for said taser.

Failing a positive response from the police try contact RC annie as they may be able to help track down supply of one.

Failing this, online sources seem sparse and question the reputability behind them.
