<b>Hazard</b> <i>Something with the potential to cause harm</i>	<b>Consequence</b> <i>The effect of that harm</i>	<b>Without Control Measures</b>  <b>Ri (L x C)</b>	<b>Control Measures</b>	<b>With Control Measures</b>  <b>Ri (L x C)</b>
Performer falling from being incorrectly secured.	Injuries ranging from bruises to death.	3 x 5 (15)	<p>Performers will be trained in the use of wrist loops. Wrist loops will always be worn whilst on the swing. Performer will maintain 3 points of contact when swinging. There will be a spotter in place SL+SR.</p> <p>A spotter will watch the performer to make sure they are, properly seated, secured in the wrist loop and has not made the designated distress signal.</p> <p>If in any doubt of the safety of the performers or equipment a spotter will immediately call a halt to the cue.</p>	1 x 5 (5)
Contact with flown, grounded items of people.	Damage to equipment.	5 x 3 (15)	<p>Captive tensioned lines will be put in to keep truss from moving swaying. No fly zone will be established around truss to avoid any damage to equipment. There will be a spotter in place SL+SR.</p> <p>A spotter will watch the truss and rigging to make sure it is not swinging out of control before flying out.</p> <p>If in any doubt of the safety of the performers or equipment a spotter will immediately call a halt to the cue.</p>	1 x 3 (3)

Objects falling from height	Injury from falling objects ranging from bruises to severe concussions/fractures.	3 x 4 (12)	No item that is not designed to be used in the trick will be on performer/in pockets of rigging. There will be no loose items on the performer or rigging.	1 x 4 (4)
